EVENT PROGRAM GUIDE

OCTOBER 2-5
2008

Endangered Planet Foundation

AUTUMNAL GREEN FESTIVAL

A three-day celebration held on the Festival of Arts grounds showcasing the connection of art with the environment. Activities include "Drive and Ride" demonstrations of the latest alternative energy cars; the Wyland Foundation Clean Water Mobil Center; live global music; health & wellness; nutrition presentations; interactive children's events and performances. In addition painting of Shoes of Hope and Art Miles Environmental Mural Project will be featured. More than 50 green exhibitors will present innovative products, information and demonstrations to help us to discover what we can do to sustain the planet.

Mission Statement: Endangered Planet Foundation is dedicated to ensuring the survival of the Earth through the arts, education, dialog, the dissemination of knowledge & the recognition that advances in technology can provide many of the answers which will lead to a sustainable future. one earth | one dream

endangeredplanetfoundation.org 949.497.5690

A large tree stands on the right side of the frame, its trunk and branches silhouetted against a vibrant sunset sky. The sky transitions from a deep orange near the horizon to a pale blue at the top. The tree's left side is mostly bare, while its right side has some green leaves. In the lower right, a small boat is on the water, its reflection visible. The overall mood is contemplative and urgent.
